ANGLOGOLD ASHANTI

AngloGold Ashanti, one of the world's leading gold producers, has a portfolio of 20 gold mines in 10 countries across four continents, as well as three new projects at or near development stage. With the gold industry's most successful exploration programme, the company has made four key discoveries in the recent years in Australia, Colombia and the Democratic Republic of Congo, in addition to generating several promising new prospects in emerging gold districts across the globe. AngloGold Ashanti has full exposure to the gold price, a strong balance sheet with investment-grade credit ratings and is focused on generating competitive returns on the capital it invests. The company aims to increase annual production by around 1Moz over the coming four years as it strives to be the world's leading mining company.
