

Marco Stefanini

Member of the Board of Trustees

The history of Stefanini, one of the largest national information technology services companies, reflects the entrepreneurial spirit of its founder and global CEO, Marco Antônio Stefanini. Graduated in Geology from USP/SP.

Active in its segment, he was one of the founders of the Brazilian Association of Export Software and Services Companies (BRASSCOM). Recently, was appointed by the National Confederation of Industry (CNI) to chair the Forum on Transnational Companies (FET), which encourages the internationalization of Brazilian companies. He also participates in the UK-Brazil Joint Economic and Trade Committee (JETCO) and is a member of FDC International Advisory Board.

Acknowledgments:

- Entrepreneur of the Year by Ernst & Young Terco - 2013
- Brazil Leaders Award in the Information Technology Leader category - 2016
- Ranking Nearshore Americas as one of the most influential executives in the outsourcing industry
- Nominated for the IAOP Hall of Fame (The International Association of Professional Outsourcing)
