ANGLO AMERICAN

AngloAmerican is one of the world's largest mining companies. The portfolio of high-quality mining assets and natural resources spans bulk commodities – iron ore and manganese, metallurgical coal and thermal coal; base metals – copper and nickel; and precious metals and minerals – in which it is a global leader in both platinum and diamonds. The company operates in Africa, Europe, South and North America, Australia and Asia.

AngloAmerica's aim is to be the leading global mining company becoming the industry's employer, partner and investment of choice. Sound strategy, a commitment to sustainable development and good governance are essential to achieve this goal. The top priorities are safety in our operations, and transparency and accountability in its dealings.
